

LEADING NORTHEAST ENGINEERING FIRM NAMED ONE OF THE BEST PLACES TO WORK IN NEW JERSEY

Red Bank, NJ – May 14, 2010 - Maser Consulting P.A., one of New Jersey, New York and Pennsylvania's leading engineering firms, was recently named as one of the ***Best Places to Work in New Jersey*** for the second consecutive year. The award program, which was created in 2005, is produced by NJBIZ.

This survey and award program was designed to identify, recognize, and honor the best places of employment in New Jersey, benefiting the state's economy, its workforce and businesses. The ***Best Places to Work in New Jersey*** award program is made up of 55 companies split into two groups: 30 medium-sized companies (25-249 employees) and 25 large-sized companies (more than 250 employees). Maser Consulting has been named one of the ***Best Places to Work in New Jersey*** in the medium-sized category.

Companies from across the state entered the two-part process to determine the 55 Best Places to Work in New Jersey. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. The second part consisted of an employee survey to measure the employee experience. The combined scores determined the top companies and the final ranking. Maser Consulting was recognized and honored at the ***Best Places to Work in New Jersey*** evening awards ceremony at the Hilton East Brunswick. For more information on the ***Best Places to Work in New Jersey*** 2011 award program, please visit www.njbiz.com/events.

Based in Red Bank, Maser Consulting P.A. has nine offices throughout Northeast region, serving both the public and private sector. The firm provides a wide range of services for public works, environmental management, cultural resource services, geotechnical engineering, structural engineering, highway and bridge design, traffic and transportation engineering, civil engineering and site development, surveying, landscape architecture and construction administration.
