MASER CONSULTING P.A. RECEIVES 2010 AMERICAN GRAPHIC DESIGN AWARD

Red Bank, New Jersey – (March 04, 2011) Maser Consulting P.A. was awarded the 2010 American Graphic Design Award, from Graphic Design USA, for their excellence on the redesign of their corporate website. Developing an updated website was an important goal of the Maser Consulting's strategic plan. A site that is informative, user-friendly and visually pleasing was at the forefront of their plan. The firm has been successfully expanding into new markets and needed a site that would accommodate its growth. "The new website has changed the face of Maser Consulting and to be awarded for the effort that was put forth, by a national publication, is truly an honor," stated Michele Ouimet, of Maser Consulting, who was the creative director on the project and worked with AJC Holdings to reconstruct the site.

Graphic Design USA, a leading news magazine for creative professionals, has been holding the American Graphic Design Awards for nearly four decades. This competition is to honor outstanding new work in categories such as sales promotion, advertising, internet and interactive design. Graphic Design USA received over 8,000 entries for the 2010 American Graphic Design Competition.
