

## *JOSEPH VENEZIA JOINS MASER CONSULTING P.A.*

**March 18, 2010 – Red Bank, NJ** - Maser Consulting P.A., one of New Jersey, New York and Pennsylvania's leading consulting engineering firms, is pleased to announce that Joseph Venezia P.E., P.P., C.M.E. has joined the firm as a Senior Project Manager in the Municipal Services Department of the firm's Red Bank office.

Most recently, Mr. Venezia was a Principal Engineer with T&M Associates in Middletown, New Jersey. He has extensive experience in municipal engineering, civil engineering and construction administration. He has reviewed subdivision and site plans for various planning and zoning boards and has been involved in all aspects of municipal engineering for clients including review of site plans and subdivisions, inspection of private development, attendance at various agency meetings, inspection of contract administration of various public contracts, investigating and answering citizen and municipal officials' inquiries, and design of plans and specifications of capital improvement projects including roadways, water mains, sanitary sewers, and drainage.

He is a licensed professional engineer, professional planner and a certified municipal engineer. Additionally, he is a member of the American Society of Civil Engineers and earned a B.S. in Civil Engineering from Rutgers University. He is a resident of Middletown, New Jersey.

Based in Red Bank, Maser Consulting P.A. has nine offices throughout New Jersey, New York and Pennsylvania, serving both the public and private sector. The firm provides a wide range of services for public works, environmental management, cultural resource services, geotechnical engineering, structural engineering, highway and bridge design, traffic and transportation engineering, civil engineering and site development, surveying, landscape architecture and construction administration.
